Please measure your child and include the numbers below. Since letter sizes vary greatly between clothing companies, accurate measurements (which we compare to each costume's unique sizing chart) are the best way to ensure a proper fit.

PLEASE NOTE:

- If **ALL** measurements are not filled out, we will estimate a size.
- If measurements fall between multiple sizes (when compared to the costume's size chart), the **GIRTH** will be the deciding measurement.
- **Costumes are NOT custom made.** Alterations are the responsibility of the student.
- Exchanges of sizes are at the expense of the participant & are based on availability.

GIRTH (G): starting from the top center of one shoulder, loop down through the crotch and back up to the starting shoulder spot.
